The Revival Of The Slave Trade

An Aftermath of the War for The Four Freedoms

By LOUIS CLAIR in The Progressive

Note by Editor of the Broom: Slave Labor is not the result of this war. It existed in Soviet Russia since the revolution. The slave labor camps there have always been kept filled up with at least one million yearly victims. Hitler introduced slave labor of German and foreign victims, so that his admirers have no excuse for sympathy now when the tables are turned.

Our attitude is that under our Constitution the U. S. Army is violating its oath in maintaining slave labor. This and the fact that two wrongs don't make a right, is our motive in focussing attention to this criminal practice.

> **"Neither slavery nor involuntary servitude, except as a punishment for crime, whereof the party should have been duly convicted, shall exist within the United States or in any place subject to their jurisdiction." Amendment XIII, U. S. Constitution.**

The following is based on revelations made in France in a number of conservative and Catholic papers, **Figaro, Temps Presents, and Temoignage Chretien,** as well as on reports of American correspondents, among them Drew Middleton of the New York **Times.** This preliminary seems necessary in order to guarantee the authenticity of the otherwise unbelievable facts which I propose to deal with.

In an article in **Figaro,** headed, "We Should Not Resemble Them," we read:

"In certain camps for German prisoners of war... living skeletons may be seen, almost like those in German concentration camps, and deaths from undernourishment are numerous. We learn that prisoners have been savagely and systematically beaten and that some have been employed in removing mines without protection equipment so that they have been condemned to death sooner or later."

The paper continues: "Peoples, of course, will point to the Gestapo tortures, the gas chambers and the mountains of human bodies found in the internment camps in Germany. But these horrors should not become the theme of sports competition in which we endeavor to outdo the Nazis. It the Allies intend to deliver blow for blow and eye for eye, the horror will never end. We have to judge the enemy, but we have a duty not to resemble him."

In the beginning of October, there were 450,000 German slave laborers at work in France, but there are many more in camps working for the army. New prisoners are being introduced in industry at the rate of 50,000 every two weeks, and the French government aims at employing 1,750,000 German slave workers by June of next year.

The main source of supply for these slaves is—**the U. S. Army.** More than 700,000 have been turned over to the French by American authorities, more than 200,000 of these are already so sick that Gen. de Gaulle now wants to return them since they are no longer of any use.

After these shocking conditions were revealed, there have been talks that the American Army would stop the sending of fresh slaves. This met with very vigorous protest by the French who claimed that they would suffer a huge financial loss. It was disclosed then that the French had prepared a plan whereby the French Government would profit at the tune of $3,500,000, once these 1,750,000 prisoners had been safely corralled.

Industry would pay the same wage as to French workers, so as to meet the protests of French unions, but these wages—an average of 150 francs per day—would go to the Government, not to the prisoners. The Government in turn would pay 10 francs to the prisoners and the upkeep of the slaves would cost about 40 francs. The operation would leave a net profit of 100 francs a day per prisoner or a total net profit of 175,000,000 francs a day, a quite nice sum which Gen. de Gaulle's "democratic" administration would not like to lose.

When these conditions were first brought to the attention of U. S. Army authorities, a rather thorough investigation was undertaken by Red Cross officials—who only confirmed the previously reported conditions. Pictures that were taken show long lines of emaciated men; observers compared them to pictures taken at Dachau.

France, then, was required to provide specific guarantees of adequate treatment if she were to receive further shipments—"since many high officers felt that the Army's honor had been sullied by the manner in which the French have treated the prisoners that it captured."

Ninety thousand living skeletons have been returned to the U. S. Army, 10,000 of them stretcher cases. The French promised to mend the errors of their ways—but it doesn't seem that conditions have appreciably changed in the meantime.

Is the United States going to continue this infamous slave traffic?

A cable to the New York **Times** from Paris dated Dec. 5, states that "it is not likely that France will ever get the 600,000 German prisoners still owing her under the agreement with the U. S. Army," but a story in the New York **Times** of Dec. 8, states: "U. S. Group Control Council in Berlin has recently decided that all German POW's in this country are going to be turned over to the French, starting with those leaving this month."

Here again, as once before, we may ask: "What is the matter with America?"

Why do we show pictures of the Buchenwald horrors in our newsreels if under cover we provide new victims for new Buchenwalds by shipping German slaves to France?

It is more than a century since William Lloyd Garrison called out that slavery is "a crime—a damning crime," almost a century since the 13th Amendment was passed, and in this year 1945, after "victory over the forces of darkness," after "the victory of democracy," prisoners who were treated here after the letter of the Geneva convention and who expected that now the war was over they would be sent home—home to shattered and destroyed Germany, but home nevertheless— are instead shipped into the hell of French slave labor camps.

The French once sent us the statue of liberty; America now returns the compliment by sending a few hundred thousand **Untermenschen,** mere **Boches** to be exploited and pressed like lemons until they no longer are of any use and then be "rehabilitated"—if they have not died in the meantime.

Editor of Broom Note: Louis Clair dares not state the fact that the U. S. Army obeys Jewish orders from Washington who have no use for the U. S. Constitution and will reduce Americans to slavehood also. That's the purpose of the New Deal.

3 N. Y. Judges Convict 3 Christian Speakers

NEW YORK (Special), Jan. 11,—Three Queens county Special Sessions judges (New Dealers) Frederick L. Hackenburg, George B. De Luca and Henry H. Curran, acting as both judge and jury, found Homer Maertz of Chicago, Ernest F. Elmhurst and Kurt Mertig of New York guilty of "unlawful assembly", (speaking at a Christian Front rally on October 6).

Sentence will be passed on Jan. 28. Although they could be given up to three years in jail, the defendant's attorney, William Barr of Jackson Heights, is expected to appeal if anything harsher than a suspended sentence is pronounced. The men are on bail until the 28th.

"ANTI-SEMITISM" REAL OFFENSE

The law under which these men were accused may have been passed with good intent, but in practice it is as vicious a piece of legislation to suppress free speech as has ever been passed in the United States.

It resembles the so-called "sedition"-army morale travesty in Federal law. It declares it a misdemeanor for **three** or more persons to hold a meeting with "intent" to commit an unlawful act, and any unlawful act at said meeting shall be proof of "intent."

It was alleged that the sale of a pamphlet written by Arnold Leese, an Englishman, entitled "Jewish Ritual Murder," at the Christian Front meeting was unlawful in that the pamphlet might stir up racial clashes.

The N. Y. "Daily Worker" (Communist) ran a giant page headline. "3 ANTI-SEMITES CONVICTED FOR HOLDING QUEENS RALLY," thus admitting the real nature of the prosecution, which was by Isadore Ginsberg, Queens County commander of the Jewish War Veterans.

The man who really promoted the rally, sent out the publicity over his own signature and presided at the meeting was C. Daniel Kurts, who was not prosecuted, but appeared as an unwilling witness for the Jews, admitting that two of the defendants had joined with him in planning to attend the meeting.

Ginsberg Prosecutor

Isadore Ginsberg, who made the arrests and instigated the prosecution, had six or seven of his cohorts to swear that the defendants peddled the "Ritual Murder" pamphlets at the meeting.

The defense could have put on the stand a hundred friendly witnesses to deny that damaging testimony; the defendents swore that no sales were made or offered; that Maertz was arrested as soon as he stepped from the speaker's stand; that some Jews seized Maertz's suit case, containing the anti-Semitic literature; and they depended upon the police officers present to confirm their testimony.

Why their highly-paid attorney did not call these defense witnesses is not known. THE "DAILY WORKER" STATED THE DEFENSE ATTORNEY "APPARENTLY HAD ONLY A HALF-HEARTED APPROACH TO THE JOB." (His fee was $2,000.00).

The prosecutor was J. Irwin Shapiro, assistant district attorney, a Jew; but Ginsberg got the credit in the Communist and Jewish press.

From some source a photostatic copy of a letter by Maertz to Kurtz (denied by both) was produced, showing Maertz's promise to attend the meeting.

NEED 3 TO CONVICT

Ginsberg was really after Maertz, of Chicago, noted for his stand on the Jewish question; but in order to convict Maertz, the law required 3 to constitute an "assembly," hence Elmhurst and Mertig were rung in, because they came to the court hearing of Maertz in October, and "Ginsy" found he needed three to make a case.

"The Daily Worker" thus gloats: "The court action was viewed by Mr. Ginsberg and others in the court as a body blow to native fascist groups attempting to re-emerge and especially a wallop against anti-Semitism. Principal credit for the conviction goes to the Jewish war veteran leader who believes that an aggressive attitude must be adopted toward all anti-Semites and American fascists."

New York and New Jersey have abolished free speech and trial by jury (for misdemeanors), and have elevated the Jewish-Negro combination above the native American Caucasians.

Robt. Kenny Heads Communist Front

LOS ANGELES,—Baring the vast extent of a Communist drive into labor, education and film circles here, the Tenney legislative committee on un-American activities uncovered a startling revelation:

State Attorney General Robert Kenny was named as leader of the so-called Mobilization for Democracy, an organization which was characterized as "if not Communist-inspired, then certainly Communist-steered."

Charges Stalin Bars U. S. Mail to Germany

WASHINGTON, D. C.,—Sen. Wherry (R., Neb) charged that Dictator Stalin is keeping Americans from shipping food by mail to Germany, an omission he described as a "crime of mass starvation."

Wherry made the statement shortly after President Truman announced he had told a committee of four senators, of which Wherry was a member, that it is impossible under the present conditions to open the mails to Germany.

The committee reportedly had urged Mr. Truman to make it possible for church and other charity organizations in this country to send food by mail to the occupied zones in Germany. A member of the delegation said **the Russians were objecting to resumption of mail service.**

NEED UNANIMOUS CONSENT

Wherry subsequently issued a statement saying senators were told that mail service could not be restored without unanimous agreement by the allied control commission.

"The American people," he declared, "should know once and for all that as a result of this government's official policy they are being made unwilling accomplices in the crime of mass starvation.

"How long must we expect Mr. Stalin to deny your American people the opportunity to express their native humanitarianism and desires?

"The refusal of this government to restore mail and package service to the German people singles out helpless millions of women and children in Germany for this treatment.

BARRIER TO RELIEF

"Such a refusal denies to millions of loyal American citizens of German extraction the chance to send immediate relief in the form of money, food, clothing, and medicine without expense to this government."

Sen. Langer (R., N. D.) previously had accused the administration of following "a policy of deliberate mass starvation." He had issued a statement similar to Wherry's in which he said the food situation in Germany and Austria is worse than it is in Italy and Japan, bad as the latter is.

Ellis O. Jones Eviction Illegal

CHICAGO,—A court order demanding the eviction of Ellis O. Jones, defendant in the government mass sedition trial from the home of a co-defendant, Mrs. Elizabeth Dilling, 701 Gordon ter., was termed "unlawful" by James J. Laughlin, former defense attorney in the trial.

In a letter to Mrs. Dilling, the attorney said the order was "perfectly unjust and prevented Mr. Jones from earning his rightful living." He said proceedings were under way in Washington, D. C., to contest the order.

Mrs. Dilling said Jones would ignore the court order. The order was sent by a federal probation officer in Washington and informed Jones he would have to find more suitable arrangements for maintenance or leave Chicago. Mrs. Dilling said Jones was helping her write a book and edit a weekly pamphlet and was taken into the Dilling home last fall when his funds became exhausted.

ROSENMAN'S MOUTHPIECE

The President walloped Congress (in his report to the people speech) against Bob Hannegan's protests. Truman pointed out that FDR (who always tangled with the bores in Congress) got more laws passed than he (Truman) by coddling them... **The Presidential speech was written by Judge Sam Rosenman and John Steelman.** —Walter Winchell

SAYS HITLER NOT DEAD

ATASCADERO, Calif.,—Several recent items in the press hint at a belief that Hitler is not dead. I know he is not, because I have seen him psychically, as we reported to you in a previous message. Germany blew up when the progressed Moon was square to Uranus in Hitler's chart assuming the chart is correct, in the spring of '45, involving the 3rd and 12th houses. That indicates a radical change and blow up, but not necessarily death. As I write, in October, he has the progressed Moon square to Sun, and he could easily be discovered under that influence. But Hitler's real end comes when the progressed Moon opposes Saturn from the 4th house, ruling the end of things; Saturn in the 10th, followed by an adverse of Venus and Mars. This could easily be execution.

Dish It Out and Take It, Too

In today's issue we are presenting details of a Jewish-dictional "trial" by 3 New York judges lynching 3 non-Jews who are opposed to Jewish tyranny over the American people. Because the 3 victims are of German stock the German-Americans will hail our "courage". But— — the truth of the matter is we would have done as much had some U. S. courts, or N. Y. state courts, lynched 3 Jews.

We cannot impress strongly enough upon our readers that this is not a partisan pro-German or anti-Semitic publication. The fact that the B'nai B'rith have deceided to boycott us and put us out of business, inevitably, stamps them as un-American Jewish Dictators and Destroyers of our Bill of Rights that gave those alien Mongolian and Negro mongrels equal rights with Caucasians, tho the Jews don't appreciate this hospitality and abuse it. We oppose these Jews on the grounds of being criminally subversive of American rights and in so doing we trace their characteristics to their historic racial background and physio-psychology. They hate us for telling the truth.

At the same time, though, as the German-stock Americans praise us for opposing and exposing Jewish tyranny, **they object to our application of the same proceedings to them also.** But that is what we are continuing to do. We are not in the service of German propaganda and this viewing all peoples alike and treating them alike is the distinguishing feature of **The Broom.**

That the U. S. A. is today an economic and political slave of International Jewry is plainly the fault and blame of the Anglo-Saxon-Teutonic group which had and has all the powers in their hands to make ours a real Republic with equal rights for all. But, this Aryan stock has chosen to get drunk on booze, drugs and blood; and being drunk the Jews, of course, are keeping them drunk, to the curse of Jews and Gentiles alike.

He who does not like to see himself and herself as they look to us has better not read The Broom for we are going to hew close to the line and let the chips fall where they may!

America's Shame

It now develops, according to Pres. Truman's confession, that he is appeasing Stalin to the extent of starving captive Germans and freezing them to death, because Stalin does not want any strong people at his southern boundary to contest the spread of Communistic Imperialism.

It also becomes evident that International Wall Street Jews insist that we finance English foreign trade, because they get a rakeoff from every ton of merchandise that enters foreign trade. We are to donate to England the billions by which England is to buy merchandise from us and is to use it to keep native peoples in slavery in the colonies. Then the International Jews get a reakeoff.

George Washington warned us not to be entangled in foreign alliances because of just such degradation and depradation. But the Newdeal Jews and their stooges in the White House, in Congress and the Burocracy introduced by them, prefer to rob America not only of its wealth but also of its good name and the service to mankind which we, as the most advanced nation, are duty bound to give. Instead our achievements in science and industry are used to make us subservient to Communistic and British-French imperialism, which enables the International Jews to collect a rakeoff in the form of commissions, interest and JUNK. Surplus is being junked and the USA Constitution is being junked as surplus, too.

STRIKERS ARE TYRANTS

I called Mary Lou by long distance, inspite of the telephone strike, and she answered. It is one thing to quit a job and another thing to play dog in the manger, keeping others from doing their work. Every striker who obstructs the ingress and eggress from places of employment is a criminal who sets himself up as a little Hitler to dictate to the rest of the world how to live. In the first instance, if the striker were really intelligent, he would not have to strike for wages, but would employ himself. Being unable to cope with existing conditions, and be independent and self-employed, the poor fellow has better be thankful to his employer for the helping hand extended to give him a job. Now all you wage workers start hollering at me; I am used to it and the truth still is true, nevertheless.

WASHINGTON'S VISION

Mary Lou told me that in quoting Anthony Sherman a mistake occured in the text: "Three great perils will come upon the Republic. The most fearful is the second,..."

She says that she looked up the text and found that Washington named the **third** peril as the most fearful, namely, the invasion of the USA by Europe, Asia and African forces combined.

MAZDAZNAN CANDLE MASS

She does not seem to approve of my "criticism" of Emanuel Bachman's conduct of the 1945-46 candle mass, for she remembers previous masses where Dr. Hanish had the candles strung out in a line as Emanuel had, as well as bunched together as I had seen it at Oakland.

It won't do her or anybody any good to censure me for maintaining the columns of the BROOM as a **FREE PRESS that respects no sacred cows.** Not even Dr. Hanish, Mazdaznan, the Jews or Germans are sacred cows to me. And my two boys have been raised to THINK freely and SPEAK freely **as they think.** We accept no authority higher than TRUTH and the truth to be such must me **evident to me.** If we are to become followers of an authority, instead of learning to find the truth for ourselves, then what's the use of Mazdaznan, of the Bill of Rights? How will we ever THINK? So, Mary Lou notwithstanding, we prefer heretics and free thinkers to followers of any man, be it Dr. Hanish, Jesus, Eddy or the Sanhedrin. Truth must stand on its own merits and those who expect us to shy at free investigation and discussion remind me of the heresy courts of the dark ages.

"Stand alone and mind your own" is the Mazdaznan slogan, and so we follow absolutely nobody, not even Jesus Christ. We stand alone and as we understand the truths Jesus taught we follow them in practice, not because HE said so, but because they are TRUE to ME.

More than six months after unconditional surrender of Germany, it is still impossible for the rest of the world to write to German friends or relatives, or send them food or clothing—no matter how anti-Nazi they may have been or how desperate may be their need. This sordid pursuit of a policy of revenge for its own sake, of planned prostration and calculated misery for a whole people, has extended so far as to ban the shipping of Christmas packages of any kind in this holiday season when the formulators of and apologists for that policy are talking with pious hypocrisy of the glory of Jesus and the Sermon on the Mount.

Behold! The War Criminal

THE ADMIRAL TELLS A FISHY STORY

As long ago as 1940 Vice Adm. Harold R. Stark, chief of naval operations at the time of Pearl Harbor, showed that he was willing to subordinate strategic decisions involving the national security in order to further Mr. Roosevelt's political career.

The admiral's testimony just completed before the congressional committee investigating the fleet disaster at Pearl Harbor, demonstrates that his principal interest still is in protecting Mr. Roosevelt's reputation. He was so evasive on the witness stand that if his performance had taken place before a competent court the judge would have been moved to hold him in contempt and send the record to the grand jury.

One reason for Stark's behavior is, of course, that he is so deeply involved in the Pearl Harbor scandal as Roosevelt, Hull, Stimson, Knox, Chief of Staff Marshall, Chief of War Plans Gerow, and Lt. Gen. Bedell Smith, Marshall's general staff secretary.

As it is, Stark let such a litter of cats out of the bag as to end for all time the administration sponsored myth that war was forced on the United States. He told how two months before Pearl Harbor the navy was "in effect" at war, with orders to convoy belligerent shipping to Britain and to shoot at any German or Italian warships encountered. Some of our fleet units were then under British command, Stark admitted, while some British and Canadian units were under American naval command—all this while the country thought it was at peace.

As early as May, 1941, Stark related, Roosevelt gave orders to prepare an expedition of 25,000 Americans to sail and seize the Azores within 30 days. This project was deferred for the time because the British meanwhile had got themselves into a series of jams in Greece, Crete, and North Africa, but it was resurrected in August, when Roosevelt and Prime Minister Churchill held their Atlantic conference. It was then agreed that we should grab the Azores from Portugal, which was not in the war any more than we were supposed to be, and that the British should send a similar expedition to snatch the Canary Islands from Spain, also a neutral. Pearl Harbor came along too soon to permit these jobs to be pulled off, but the scheme shows just how bent on war Mr. Roosevelt really was.

Stark, who was commissioned to plan these several operations, was just as cognizant as was Roosevelt that under the terms of the German-Italian-Jap treaty of 1940 an attack upon any of them by a nation not then engaged in their wars was to be considered an attack against all of them and that all would go to war against this nation. Still, when Pearl Harbor was attacked, Roosevelt in tones of outrage could refer to it as an "unprovoked" assault. He must have favored a double standard of morality for what he was pleased to call "aggressor" and "peace loving" nations. —Chicago Tribune.

An important General, whose name cannot be revealed, recently said: "This dam-fool country of ours is committing suicide. The United States is willfully, wickedly squandering its great power. We are giving away money. We are destroying billions of dollars worth of ships and planes. Food. Leaving supplies of all kinds to rot in foreign nations."

SHE HOPES WE'ER BOMBED

SOUTHSEA HUNTS, England,—I read in the Daily Express that your paper is against the loan for Great Britain. We also hate the thot of borrowing from America—and wish with all our hearts that there was no necessity to do so.

If ever there is such a thing as another war—and there will be if there is no kindliness in the hearts of man and their greed of dollars leads them to drive hard bargains—may the United States of America feel the blows of bombs—the loss of homes, health and loved ones—the awful tension of going to bed always on the alert for the sirens.

I and my small family lived in Malta from February, 1936, until October, 1942, and if you bothered to read of other parts of the world you probably realize that we not only went thru some of the heaviest and concentrated bombing of the war—but we also suffered a shortage of food.

When I arrived back in England my own relatives could not really realize the misery of hunger—they had been fed, rather a stodgy diet I readily admit—but they had not suffered that awful empty, sinking feeling—and so it is with America—they suffered so little of the war that they cannot and will not admit and be thankful for what Britain saved them from. All they seem to think of is dollars—dollars—dollars. Their debt to Great Britain far outweighs any loan of dollars. It is a debt for their freedom and independence. If we in these islands had gone under—well, I guess Ireland could have stopped those hordes of Germans from crossing the Atlantic. The thought of the loan is only tolerated because we realize the necessity for it. May God forgive you for your attitude to Britain, but it certainly leaves a nasty taste in the mouth of the ordinary citizen. —CAROLINE VERNON.

British-Owened Stock Pays No Tax

WASHINGTON,—The United States Treasury is believed to have lost millions of dollars in internal revenue as a result of the British government becoming the owner of upwards of three-quarters of a billion dollars worth of shares in American industrial corporations.

Since these stocks were taken over by London in 1941-42, from the British owners, the British government, as a result of diplomatic courtesy, and the special privileges existing between sovereign states, has paid no income taxes on its dividends earned by these blue ribbon industrials.

There are a lot of people in this world who devote all their religion to going to church.

Strand May Bar U. S. Prisoners

JAIL OVERCROWDING GIVEN AS REASON

Sheriff Bert Strand said he plans drastic action, possibly the refusal to accept federal prisoners, in a move to reduce overcrowding in the San Diego County jail.

Strand disclosed that the jail population today is 273, with 111 of the inmates, prisoners for the immigration department and the U. S. marshal. The jail has a normal capacity of 178.

"Without the federal prisoners we would have just about the proper number of prisoners," Strand said.

Strand said his action to refuse additional federal prisoners has resulted from an interim state assembly committee report which deplored the overcrowded conditions in the county jail.

The report indicated that sanitary and other conditions in the county jail here were excellent but that the overcrowding leads to an "unhealthy condition."

"The jail, as frequent investigations by the officials and state and county committees have shown, is sanitary and healthy. All of the cell blocks in the jail have outside exposures, which provides plenty of fresh air for all prisoners at all times," Strand said.

Assemblyman Vernon Kilpatrick, chairman of the assembly committee on jails, praised Strand for the cleanliness of his jail but added that the overcrowding was unfortunate.

Editor's Note: Sheriff Strand, of course. is proud of his jail because he was never forced to live in it for two months as I was. He might have a different idea, then.

I suggested after my return from Washington, D. C. Jail that no federal prisoners be incarcerated in Strand's hell-hole because the U. S. should erect its own jail. The D. C. jail is no paradise, but by comparison with the Los Angeles and San Diego county jails it could be called a palace. Hence I advocated erection of a federal jail in San Diego, to give the prisoners a break.

During my stay in Strand's jail I was literarily chewed up by vermin, could not sleep in the cell-hammocks, was not permitted to have a pillow, nor sheets and the rough hair blankets itched all night. Mrs. de Aryan was not permitted to even bring me distilled water to drink.

I wish to goodness Assemblyman Vernon Kilpatrick and Sherrif Strand were to get a taste of the medicine I had to take, they both would sing a different tune.

REICH ZONE DIVISION HIT

LOS ANGELES,—Attempts to democratize Germany are doomed to failure because of the four-zone system and because democracy, like faith, must come from within and cannot be imposed.

Frank P. Doherty, Los Angeles Chamber of Commerce past president and recent visitor to Europe, so told a Junior Chamber of Commerce luncheon in the Biltmore Bowl.

"Germany is an economic unit and division of it into United States, British, French and Russian zones, with unanimous agreement necessary on all important matters, is responsible for the critical shortages of food, fuel, clothing and housing."

Eleanor Roosevelt was appointed to the United Nations organization by Mr. Truman, some think, as a practical method for keeping her occupied and satisfying her desire to travel. It is also believed that she would have otherwise sought the United States Senate from New York.

But hope took the place of despair among the faithful, for in the distance could be dimly discerned the familiar figures of Mathaeli and Yousef of Arimathea hurrying to the scene at Golgotha. Their coming was significant.

Upon their arrival, and after hastily examining the body of Yessu, they declared to the bystanding curiosity seekers that He was dead. Even the wounds upon His side were opened and blood and water flowed forth, proving conclusively to the onlookers that the body was lifeless. Contrary to all laws even the two criminals were also taken down and removed without further delay.

As soon as the body of Yessu had been taken down from the cross and laid in the private burial place of Yousef of Arimathea, and other necessary preparations completed, the church authorities, who had been informed that the body was lifeless and friends of the Nazarite had secured permission from Pilate for its burial, sent a delegation to investigate the burial place and afix their own seal upon the door which closed it, and to report to the council if all things had been done according to the law.

Nicodemus, however, was not satisfied with this alone. He demanded that the sepulchre be watched, not for the sake of the body but for the satisfaction of the church which might be deceived, and in compliance therewith the authorities at once asked Pilate to grant them private guards and watchers. All precautions on both sides were taken to guard the sepulchre.

That night a storm raged fiercely in the valleys of Yudea; thunders echoed and re-echoed in the mountains round about. Thots of events of the past few days made many hearts tremble, and many minds were troubled.

That night the heart of Yudas seemed rent in twain. He wept bitterly and condemned himself for the action taken, thinking he was the cause of all this great trouble. His remorse turned to madness. The one he had loved, cared and labored for had met a terrible fate, and his intention had been that He be recognized as Lord and King.

He went to the church authorities to give vent to his broken and anguished heart. He threw down before them the thirty pieces of silver. In his desperation he entered the temple where he broke the ornaments of the sanctuary and rent the heavy curtains from top to bottom. He frightened many of the priests and laymen that night and made many of them go down upon their knees and confess that the One who had been raised on Golgotha was indeed the Son of God. Even Caiaphas felt condemned that night and was frightened by the strange apparition in the form of Yudas the madman.

The grief of Yudas became greater than he could bear, and life to him was misery. To end his existence was now all that was left to him. To follow his Master that he might seek forgiveness was his only comfort. Hourly he accused himself of treason, of betrayal, of cowardice, and the consequent remorse was more than his mind could endure. Could he justify himself before the world, before God? There seemed no hope for him, and before the throne of the Almighty he would go to receive his sentence.

At one time a feeling of revenge would take possession of him and he would vent his fury in deeds of destruction in the temple sanctuary, and upon the priests. Again in calmer moments of reasoning he resolved to end it all by killing himself. But even this seemed not to be torture enough, not punishment enough for the terrible mistake he had made.

He wanted to feel the sting of death in its most awful and terrible form. It was his desire to suffer all the agony and pain that had ever been endured by human kind. The mental torture he suffered was not enough; he desired to experience physical pain, to have his heart torn from him, as it were, and there upon that spot where he had given his Master that fatal kiss would he end his hated life. There he would do penance; there he would suffer and die.

Human language, however voluminous in word-painting, will never be able to depict the soul-state of a human being whose fond hopes and optimistic faith end up in utter annihilation. The sincerity of heart, tho often overpowered by the suggestions of the objective mind, knows of no other incentive but that of Love, and blind as to any adverse tendency in matter, seeks to live that love and bring every sacrifice to demonstrate, to prove its unselfish motive. But now that everything seemed to end in a fiasco the soul of Yudas struggled between Light and Darkness, suffering the inseperable pangs of a state of uncertainty and suspense.

BERN, Switzerland,— Swiss Gifts for Victims of War, a welfare organization, reported recently that for the 10 months ending in September, 86 relief operations had been carried out.

Beneficiaries included Belgium, Germany, France, Holland, Italy, Yugoslavia, Luxemburg, Norway, Austria, Poland, and Hungary.

Thirty million Swiss francs were spent during the 10 months.

Who Wants to Kill Santa Claus ?

Dear Dad:

You sometimes in the paper called yourself a pacifist, but sometimes I think you don't yet have the true picture.

You have a head in your editorial of Jan. 8 **"Police Power for Self-Preservation"** which follows these statements: "He who wants to save his life by the sword shall lose it, he who gives up his life for God's sake wins it. Hence all military defense is in vain."

Under the self-preservation head you have again, that "Every man and every nation has the right to self-defense."

Every person has the right to self defense, but not in the forceful physical sense, since he would be running contrary to your aforementioned items previously quoted, and would in fact be vain. You imply a physical defense contradictorilly though, since the very next sentence says, "Were we a Christian people nobody would dare invade us because we would hold atomic power secrets none could match, due to our superior, divine ingenuity, for God never leaves His children a prey of circumstances.."

Remember that there are never "circumstances"; all that occurs is not without initial spiritual action, good or bad. Christian people do not rely on force, even for police protection, or they would be adhering to Mosaic Law, as you have said. Christians do not keep secrets either. The rest of the world would have access to all the power a Christian nation had, but if they used it destructively, they would pay in full.

It is foolish to speak of "dare" nowadays concerning war. Atomic energy is no secret. Any nation can hire physicists to work on the proton bomb which you described in your paper this week, a number of which could lay any nation to the ground in a few short minutes. To say that God will give us weapons of destruction superior to the enemy is as good as the old superstition of drawing lots, for God plays no favorites with destruction. In the use of destructive energy, there is no God, but a devil.

The safety of a Christian nation will be in its Karmic credits with the world at large. It would be the loving father of nations, each of which would look up to it. It would harm no nation, would help to feed and clothe the world, as would be its Christian duty. Who wants to kill Santa. Claus, anyway? It is the basis of Christianity that righteous, helpful love is the most powerful factor of all.

You can't play both sides of the game, love and violence, no matter how hard you rationalize, and expect to get very far, because they don't mix. Sincerely, FRED.

Editors Note: No secrets, as Christians? He who leaves matches within reach of the child is liable for the damage!

Who wants to kill Santa Claus? Santa is the Spirit of the Christ-Love. But Herod tried to kill Him. What did the Jews do to Him? Read "Yehoshua" by Dr. Hanish now running serially in this paper and see who wants to kill Santa Claus: The Sanhedrin. Fred is 18.

"SEEK YE FIRST ...."

Dear Fred:

Perhaps you are not quite aware of it, but you received the most liberal education possible in America: to think for yourself.

We never made any decisions for you, we showed you the facts and led you to grasp the principle of the problem confronting you and on that basis, then, you made your own decisions, which you were free to discuss and check on the veracity of your conclusions. Few boys and girls are so fortunate in their bringing up.

When you notice the mess of the world around you, it is because our public leaders have not been brought up to THINK right. Their minds and spirits have not been trained and disciplined since childhood to realize the PRINCIPLE of Life, Intelligence, Power which produced these universes and us in it. They expect to solve the present-day problems out of their limited intelligence and inclinations. Hence the chaos.

You have been trained to first seek the SOURCE from which every phenomenon springs forth and the RULE that governs it. You know that this universe is not the result of accident, that the ORDER in micro-and macro-cosmos is based in Principle, in THOUGHT and you have been taught to seek that MASTER-Thought first. You know that the Master-Thought is the Ideal which is inspiring us to achieve perfection and so you strive after it first. It is not a creature of your imagination, or the imagination of poets and religious illusionists, you know that it is the very WILL of our Father, the CREATOR of heaven and earth. of whom we are the spark of Intelligence, individualized and incarnate in these temples not made by hand but by the very Life impulse of God.

This is what the world-minded are lacking today and this is why the world is in chaos and turmoil. An engineer seeks the facts and the rule by which the physical substances perform and are governed. He does not substitute his own notions. But in matters of spiritual, of emotional, of intellectual and social life the people have not learned to follow the same procedure. They do not seek first the Principle of the Rule of the spiritual or social phenomena, of the impulses in themselves; hence they substitute for it their ignorance and blame each other for the results, resorting to force and violence to impose their notions on others or defend themselves against such impositions.

The intellectual and spiritual discipline of looking to the SOURCE of Life and Existence for the Wisdom of the Creator that precipitated you into existence here, now, is what you must rely on to solve the problems confronting you. Don't be lost in intellectual vagaries. You can always check back by following original principle. The verities embodied by principle in action are infallibly true and self-evident. The great masters of thought have never set themselves up as the originators of truth but as followers of the truth. Hence you must find the truth for yourself and never accept anybody's word for it without checking up to understand out of your own perception.

The Churches have substituted their own political organizations for the truth. They have substituted books for God. They have taken the reins of "salvation" into their own hands and claim that they have power to sentence to hell eternal or give absolution.

The schools of public education ignore God and the Principle of Life and Intelligence in the world and in ourselves. They fall back on the expedient of empirism without a guide that is infallible. Hence, again, ignorance is the rule of their work, they don't know, they are agnostics as the churches are superstitious.

So don't try to solve the world's problems. They are solved. What you have to do is find the solution, the truth. All complications result from the ignorance of the THOUGHT of the Creator that precipitated these worlds and us into existence. Seek to KNOW that Thought first and the Truth becomes self-evident to you, so that all these problems are solved automatically.

Who Knows Dr. Siegmeister ?

Dear Mr. de Aryan:

Thanks for the reminder. I had forgotten just when the subscription expired. Inclosed is another One for 4 months again. More probably might be expected of me but I have my problems too. I am 62 and not as young as I once was so hard work has it's limitations for me and I am just an ordinary person altho I was once a professional salesman. Due to my work here in opposition to the New (Jew) Deal and Communism on which account the FBI called on me three times, getting a paying position is a hard matter for me. So I have to do whatever I find to do from and by those who still have some respect for me and my views and what I did. But I am not discouraged for after all there is not much else for some of us to do who know the "score". Somehow through the 12 or more years that I have been active in opposing those mentioned I have had enough to eat most of the time, enough clothes to wear and a very simple place to live but lined with gold in the way of high grade literature mostly of Spiritual type. Also along lines of health and foods.

I want to ask you if you know of Dr. Walter Siegmeister of the Essene School of Biosophy? Also his publications issued from Lorida, Florida? He is the first I have found outside of myself who thinks that SOIL REJUVENATION is also essential in Human Regeneration. I have not as yet studied his course of instructions but the list of subjects covered seem very complete. I would like your reaction on this or any information you have concerning him and his school.

The main reason why Russia wants the secrets of the Atomic Bomb to become universal property is that they are afraid of it themselves as being the only device at present that they may not be able to cope with if and when a crisis comes in relations with other nations. If THEY had the secret of this bomb I wonder what they would do with it. So far they have not given to the other Allies any information of their actions in reference to other countries which they have dominated and they wouldd much less give information concerning the bomb in question if they controlled it. I see Magazine Digest says Hitler is in Patagonia and an army of Germans located high in Alps that has not so far been captured. Fully equipped. Maybe it is not supposed to be captured but is being preserved for a day ahead when U. S. and England may need German power and equipment to head doff the Mongolian hordes from the East! Sincerely: D. O. TAWNEY.

Editor's Note: We don't know Dr. Siegmeister personally. Of course, soil rejuvenation is necessary, hence manure-fertilizer. As a rule we steer away from "colonies" of this and that.

HAPPY NEW YEAR TO ALL !

The search was vain. We tried to find
Some Christmas cards with printed name
Of Him whose birth we celebrate
Because of His eternal fame.

No dearth of color, shape or style
Made tedious our search, 'tis true;
Yet, there were none which mentioned Christ
Who means so much to folk like you.

Most shops where Christmas cards are sold
Are owned by those who still deny
The Grace of Him who gave the world
So much which money cannot buy.

And so, we type these simple lines
To say that Christ of Galilee
Is held in reverence by those
Who gathered 'round our Christmas tree.

With best wishes from
THE ZACHARY CLAN.

As to your question: "Where the heck is she hiding?" Are you not asking for a little too much, after having raised a family? I have not done so yet, but would not dare to look for what I know cannot be found. After all a woman who has through her fast development, being mature at 20 while man at 40 years of age, a so much more delicate organism than man, "is practically shot" if she eats meat for 20 years. To undo the damage will take her a lifetime of careful living. Now where would you find such a being?

The other day a C. O. excused himself for eating meat with the reply that he did it not to get too far ahead of the herd but to keep contact with it. He thought if he was "too different" he could not help them, so the poor beast had to believe in it.

By the way, if you don't neglect your sunbaths and use more cold than hot applications you won't miss the Miss so much.

To make the net cost of The Broom $6.50 what salary do you pay the Editor, proof reader, errand boy, shipping clerk, reporter etc. And the printer not to forget?

Dear Mr. de Aryan:

Have received all copies of The Broom and am **fascinated.** Will write you letter at first opportunity in very near future.

Poetically and sincerely,
ELENOR YORKE.

Dear Sir:

As my subscription for The Broom expires on January 13th I am enclosing herewith a check for $5 for one year. Kindly use the balance towards the good work you are doing.

Wishing you a Happy New Year, I am

PLEDGE

I the undersigned, being an American Citizen, herewith accept the duties of membership in "Southern California Committee for the Relief of the German peoples" and pledge that I will adhere to the requirements of the said committee as to unqualified fidelity to the principles of Americanism and will not discriminate against any person by reason of race, color or creed in the administration of the affairs of this corporation.

HOW MANY BLACK OR YELLOW GERMANS DO YOU KNOW ?

I received the above card as a result of my signing the petition for reopening of mail and banking service with Germany. It's a regular follow up scheme to catch suckers. It is typical of the **servile German mind that licks the boot** of the fellow on top and steps on the fellow below.

In the first place, what has Americanism to do with starving German captive men, women and children? If we are to adhere to Americanism in the administration of relief, **first there must be relief.** But relief is not permitted at present by the Jews who control the White House, hence, what's the idea of asking anyone to sign a PLEDGE that he will not say a word against those accursed Jews who make a mockery of Americanism?

Next, is this relief to be aministered to **the German peoples?** If so, why a pledge of nondiscrimination by reason of race, color or creed? How many Negro-Germans, or Mongol-Germans does the So. California committee expect to "relieve" that it has to exact this type of an **advance pledge.**

A SHABES-GOYIM ORGANIZATION

A shabes-goy is a non-Jew who hires out to Jews to do their dirty work for them on the Sabbath-day to protect the Jew from breaking the Sabbath by doing his own dirty work. In other words, a shabes-goy is a Jewish hireling. In the applied sense, anyone who will do the dirty work for Jews.

Accompanying the pledge card came a multigraphed letter signed by Albert P. Clausen, Chairman, Membership Committee, in which he states: "We ask you now to unite with the countless others to prevent this mass-starvation. The first step is to sign the membership card on both sides and ask your relatives, friends, and neighbors to sign. This membership does not involve any financial obligation. You lend your moral support to a great humanitarian cause. In a great Democracy, a good cause supported by millions of citizens will get attention."

Please, note: **"The first step is to sign the membership card ... does not involve any financial obligation ...."**

But it involves the obligation of **KEEPING YOUR MOUTH SHUT** when a handful of criminally sadistic Jews decree that in this **"great Democracy"** no hand shall lift to help the victims of their policy in Europe, the victims of the Morgenthau Plan, until it pleases those Jews.

The "Jewish Congress" announced that any Jew may communicate by mail thru the "Congress" with his relatives and friends in Germany and send parcels. Why **must we sign a pledge that we shall NOT mention this discrimination against Germans by reason of their race, color and creed?**

We note that British and Soviet relief funds were used for propaganda to the tune of $60,000,000 out of $254,100,000. While the German "relief" is not collecting any money yet, it certainly started its shabes-goyim propaganda full blast. Had the leadership of German "relief" **been interested in relief** they would have found means and ways to give it thru Switzerland, Sweden and the Quakers, **as the Jews found a way** to help their kith and kin.

Five Million Negroes Head Northward.. Pres. Truman Encourages It! ... U. S. To Communize Japan ?

By WASHINGTON ADAMS

WASHINGTON, (Special),—"Liberty" weekly on December 15 carried an arresting headline on its front. **"FIVE MILLION NEGROES HEAD NORTH."** and above the article on the inside, **"Five Million Negroes MOVE North."**

This is an alarming headline, almost as grave as that of 1861 which said, **"S. C. Fires on Ft. Sumpter."** One meant the ruin of the South; the negro migration may mean the ruin of the Nation.

Instantly there arose in my mind the efforts that superior peoples have made in history to prevent their absorption by inferior racial stocks. I thought especially of the stone pillar which the Egyptians erected far up the Nile river, with these words engraved thereon:

"NO BOATLOAD OF NEGROES SHALL PASS THIS POINT GOING NORTHWARD FOREVER.

Egypt was able to keep out the mass migration of Negroes and to sustain its civilization far longer than any nation in the annals of time—3,000 years. Finally mongrelism did destroy their civilization.

Greece was able for 700 years to sustain a civilization that has never been surpassed, possibly never equaled. They maintained the Nordic Aryan purity of their blood with a law which said, **"HE THAT MARRIES AN ALIEN SHALL HAVE HIS PROPERTY CONFISCATED AND HIS CHILDREN SHALL BE SOLD INTO SLAVERY."**

When the time came for their civilization to die, they had **1,000 SLAVES FOR EACH FREE CITIZEN.** While their slaves were white people and far superior to any black group that ever lived, nevertheless these white slaves were unable to carry the banner of Hellenic civilization when it fell into their hands, and it perished. (See **Thomas Jefferson's** discussion of this point in his **"Virginia Notes," in which he proved the inferiority of the Negro slaves,** and strongly recommended a plan of **colonization** for them in Africa, which would have solved the problem and have prevented the great Civil War).

Lincoln likewise favored colonization of the American Negro in Africa, and doubtless would have been able to put his plan across if he had lived.

In this, our "federal city," the Negroes, although numbering less than half the population, furnish TEN COLORED CRIMINALS TO EACH WHITE OFFENDER. And this during the war prosperity when everyone was employed.

Millions of cotton-field Negroes moving into urban environments for which they are not fitted or evoluted will constitute a burden of unemployment and crime that may destroy our white civilization in America.

MUCH OF THIS MIGRATION IS DUE TO FOOLISH F. E. P. C. LAWS IN NEW YORK AND NEW JERSEY the mecca of the Negro's trek.

Under our foolish perversion of government away from the representative system which the forefathers gave us into the direct (democratic) plan now ruining us, the ignorant Negro in the North has become a prey and dangerous weapon in the hands of the Communist element. Holding a "balance of power" the black man is dictating to Truman, Dewey and their likes.

Nearly a year ago I wrote that the crazy F. E. P. C. law would attract a million Negroes to New York. Perhaps I was too conservative.

President Truman's recent radio address was the most demagogic he has delivered thus far. Even worse was his attempt to coerce his superior, the Congress, which should censure him for his misconduct, and if he persists in his attempts to degrade the representative system HE SHOULD BE IMPEACHED!

The New Deal has toadied to the Negroes by giving them 273,971 federal jobs. as of 1944, perhaps 50,000 more since then. In government owned plants 37 per cent of all jobs are held by Negroes! (F. E. P. C. figures).

The New Deal's secret rulers give orders disfranchising anti-communists in Japan and Germany, so that communism will win elections in both countries!

Conscription Unconstitutional in War

Editor, The Broom:

A short time back Col. Roscoe Conkling issued a pamphlet entitled "The Case Against Peacetime Conscription." This was prior to our issuance of a leaflet entitled THE POWER TO CONSCRIPT NOT A DELEGATED POWER.

The Conkling pamphlet and its title was possibly the reason for many assuming that our leaflet was referring to "Peacetime" conscription, which it was NOT.

Conscription itself was what we discussed and no power was ever delegated in or by the Constitution to conscript anyone for any reason. Furthermore all powers not specifically delegated were specifically denied to the new federal union then being set up and just as specifically reserved to the states and to the people. In as much as the people are the source of all power and as the people have never delegated this power to either the states or the nation it is of necessity a power reserved to the people themselves.

The power to "Raise and support armies" was delegated to the Federal Union but it was delegated UNDER THE COMMON DEFENSE CLAUSE and was for defense alone.

As to use of undelegated powers because of emergencies the Supreme Court has been quite emphatic, saying in a unanimous decision in 1863 "The Constitution is a law for rulers and for the people, both in times of war and in times of peace, and covers with the shield of its protection all classes of men at all times, under all circumstances.

"No doctrine involving more pernicious consequences was ever invented than that any of its provisions can be suspended during any of the great exigencies of government.

"Such doctrine leads directly to anarchy or to despotism, but the theory of necessity on which it is based is false; for the government, within the Constitution, has all the powers granted to it which are necessary to preserve its existence; as has been happily proved by the result of the great effort to throw off its authority. "

This is very clearcut and more than that there is no mention nor suggestion of any war powers of emergency legislation to contravene a single one of our reserved rights. This should make it clear that Mr. Adams in his recent letter misconstrued the point we were seeking to emphasize.

George Washington expressed the opinion that any cause that could not be sustained by volunteers was not worth fighting for. With that we are entirely in agreement.

When David Lloyd George met at Versailles with the peace conference in 1919 he said, "Europe must never see another drafted army." Had that been made the basis of peace then this last holocaust would not have occurred but the Big Shots did not want their war plans sabotaged so he was silenced on that.

Destroy the power to conscript (as the Founding Fathers attempted to do) and there is not a race nor a nation on earth that could be inveigled into an aggressive war.

Had not certain international financiers financed Hirohito and Hitler they would not have been able to even start a war. Had not our munitions and armament groups supplied them there would have been no war but the internationalists had to have war to accomplish their devious designs.

Without the power to conscript no aggression anywhere would be possible on a major scale. Even were peacetime conscription dropped as unconstitutional, as indeed it is, were war time conscription tolerated the executive can again plunge the nation into war and again conscript our brightest, best educated youth to die on foreign soil to carry forward international plans for a world state with a world money and credit system in their own hands.

FOURTH ANNIVERSARY

CHICAGO, Dec.. 7,—"I hate wah," and while I meditate over the terrible disaster which occurred four years ago today at Perl Harbor, there comes to my mind again, and again, and again the Scripture:

"The words of his mouth were smoother than butter, but war was in his heart; his words were softer than oil, yet were they drawn swords." Psalm 55:21 A. J. A.

Keen observers in Washington are anxious to know exactly **why General Short** (Pearl Harbor) **has taken suddenly ill.** Those who are sensitive concerning the Pearl Harbor scandal will not be satisfied with an ordinary diagnosis, especially in view of the fact that the General has not had an opportunity to testify before the Pearl Harbor Committee. It is believed that his testimony will be sensational plus.

The Torches

By JOSEPHINE TURCK BAKER

Dedicated to the Women of America

Mothers, Sisters, Wives,
Rise!
Lead the women of all lands.
Band together.
Work!
Labor from dawn till night
For Peace!
For lasting Peace!
Work as when we worked to win the war
For Peace!
For lasting Peace.
Work while there is still fresh
The memory of our beloved Dead,
Of Voices our ears no longer hear,
But for the sound of which
Our hearts cry out in anguish.
O Women of America,
Rise and Light

The Torches!

Women of America!
Mothers, Sisters, Wives,
Let those who died
Not vainly die.
If we will labor now, as when in war,
For Peace,
We can have Peace.
Let us think Peace!
Talk Peace!
Live Peace!
Until its thunderous silence
Reaches all lands.

"The next war!"
Inglorious words!
Their blackness—
Ugly blackness
Envelopes all.
Light!
Let us call for light!
Light to shut out the darkness,—
The darkness that makes war possible.
Women of America!
Rise!
Keep the Light burning,

The Torches!

Women of America!
Let us have a League,—
A League of Intelligence!
A League of enlightenment,
That we may shut out
The vileness,
The blackness,
The foulness!
That our sons may not go forth
To sink down in it,
Be submerged in it,
Die in it,—
And all because we have no Light,
Light to see the way out,—
Out of the darkness.
O Women, vestals all
Keep the fires burning,
Fires to light the way,
Fires to light

The Torches!

Women of America!
Mothers, Sisters, Wives,
Too long have our brave Sons,
Husbands, Brothers, Fathers,
Too long have we let them
Fight like savage beasts: —
Our son, Mothers!
Our beautiful, young sons,—
When all we need to do
Is to hold on high,—
That all may see the Light,—

The Torches!

Women of America!
Mothers, Sisters, Wives,
Bear each a Torch
And light the world.
Higher! Hold Higher!
Higher! Still Higher!

The Torches!

Electric Wiring gets overloaded too!

In planning your new home, be sure to include enough convenience outlets for all the lamps and wonderful new electrical appliances you'll be using in the future.

Three or four attachments to one outlet is an invitation to blown fuses or inefficient operation...for an outlet can carry just so much electric current.

Your architect or contractor will advise you that you must plan to spend at least 4% of your total budget for a new home for adequate wiring. *Prepare* for the future . . . and you won't be saying "I'd like a home freezer, but my wiring is overloaded."
